

About Us

Erkunt Tractor Ind. Inc. was founded on the 12th of September 2003 with a local capital and produces the first local design tractor of Turkey. The design of all tractors is performed by Turkish engineers.

6 years after its foundation, Erkunt was ranked 3rd among 31 brands, and today continues its production that took start with 2 models with more than 160 models and performs special designs for the exporting countries.

The factory has a production capacity of 18.000 pieces per year, and not only the tractor production is realized there, but also the front axle, hydraulic lifter and cabin productions are realized and they are exported.

Erkunt Tractor reserves averagely 3% of its annual turnover to R&D and works to have the tractors produced to be efficient, equipped with high technological specifications and be resistant against heavy conditions. Erkunt Tractor is recognized as the R&D Center by the Ministry of Industry in 2015.

Erkunt Tractor started exporting in 2007 with ArmaTrac brand, and exports 42% of its production to 27s countries. Erkunt achieved a first in the sector in 2018 and became the first Turkish tractor brand that granted license for the overseas production outside Turkey. The licenser GIAD is founded in Sudan and it is one of the greatest production facilities of Africa. Herewith, the door of 19 COMESA States is opened to Erkunt tractor.

Erkunt always listens to the farmer and keeps the satisfaction of the farmer in the front plan, and it is the only tractor brand that has ISO 10001 Customer Satisfaction and Complaint Management Certificate in the sector.

Erkunt Tractor Industries Inc., which started to grow 16 years ago, signed an important agreement in September 2017 and merged its strengths with Mahindra & Mahindra (M&M), one of the leading industrial and technology giants of the world. With this great mergence, Erkunt transformed into a multinational company and took its place among the other youngest and most powerful companies in the world.
